BILL: House Bill 315
TITLE: State Department of Education – Breakfast and Lunch Programs – Funding
(Maryland Cares for Kids Act)
DATE: February 8, 2018
POSITION: SUPPORT
COMMITTEE: Ways and Means
CONTACT: Renee McGuirk Spence, Executive Director, PSSAM
Email: pssamed@gmail.com; Cell: 410-925-2183

House Bill 315 repeals the requirement that the State Board of Education adopt and publish standards for the administration of a subsidized feeding program; requiring the State to be responsible for the student share of the costs of breakfasts and lunches provided to students eligible for certain federal reduced price programs; prohibiting a county board of education from charging students eligible for reduced price meals; altering the calculation for the reimbursement for certain meals to county boards of education; etc.

PSSAM fully **supports** House Bill 315.

Local superintendents place a top priority on breakfast and lunch programs and recognize that these programs improve the health and well-being of students by providing nutritious school meals every day. House Bill 315 would provide free meals to all low-income students by eliminating the reduced-price school meal co-pays. Students who are eligible to receive reduced-price meals come from families that are already struggling financially. Maryland is a state that has a high cost of living. This fact makes it more difficult for those on the lower end of family income to balance the checkbook. We support any additional financial assistance that would improve the lives of our students and their families.

For the reasons stated above, PSSAM **supports** House Bill 315 and requests a favorable committee report. .
